News Release

For Immediate Release: August 12, 2020

Water conservation request continues for customers in Wainiha and Haena

7:15 P.M. (Update) HAENA – The water conservation request remains in place for customers in Wainiha and Haena until further notice. Electrical power has been restored to our pump stations and water facilities however, the water conservation request remains in effect in order to allow our water tanks time to replenish the water supply. Customers are asked to continue to limit water use to essential needs only; such as drinking, cooking and sanitation needs, in order to avoid a full water outage.

Water conservation measures include refraining from car washing, turning off automatic irrigation systems, ice machines and using water wisely indoors and outdoors.

An update will be provided as soon as new information becomes available. To monitor updates online, please visit www.facebook.com/KauaiDOW.
